

**Sparking  
Imaginative Learning**

**Harrison Recreation presents :  
Looney Life Labs with  
Mad Science**

**Some of the classes we will  
conduct this winter are as  
follows :**

**Bugs**

Explore the world of creepy, crawly creatures. Learn about insects' fabulous flying ability, their unique eyes & unusual way they see.

**Earthworks**

We'll travel to the center of the earth to unlock the mysteries of the planet & learn how earthquakes occur & volcanoes form.

**Walloping Weather**

Discover how hurricanes, tornadoes and thunderstorms form and how powerful they can be. Take home your own UV ray detector!

**Life in the Sea**

Learn about buoyancy and adaptation. Touch and explore sea stars, sea urchins & shells. Take home your own density diver.

**All about Animals**

Explore the animal kingdom and learn about habitats, anatomy & life cycles. Investigate the fascinating behavior of bats and owls.

**Mission Nutrition**

Examine the science of our bodies and healthy choices. Learn the importance of exercise as we get pedometers to help us keep in step!

**Earth Awareness**

Get to know the planet earth and see how important conservation is. The harness solar power to create a work of art you can keep.

**The Science of Sport**

Ever consider how important science is in sports? We'll demonstrate the physics of athletics and use the scientific method to create our own version of protective gear.

**Birds & Beasts**

Explore the natural world and the adaptations that allow birds and beasts to thrive. Study the feeding habits of owls and dissect the remains of their lunch.

**Nature**

Sniff out your prey like a true predator as we examine the natural world together.

*A minimum of 10 students must be enrolled in order for each class to run. Final decisions to run or cancel will be made by two weeks before the start date of the program. There are no refunds for programs children fail to attend.*
